This course uses materials created by **NORTHSTAR**. https://www.digitalliteracyassessment.org/

An account has been created for you using your Craven Community College Email.
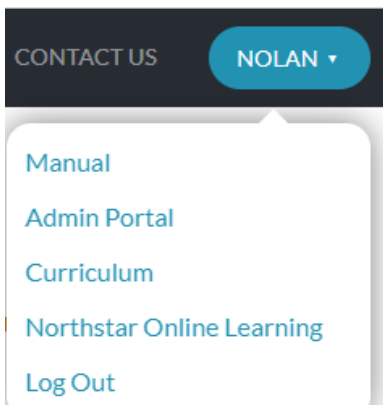

There are 14 topics, but this class will focus on six.

        1) Basic Computer Skills (8 lessons)
        2) Basic Internet Skills (9 lessons)
        3) Basic Email Skills (7 lessons)
        4) Information Literacy (7 lessons)
        5) Digital Footprint (5 lessons)
        6) Windows 10 (7 Lessons)

The course will consist of Instruction, practice, and tests.

When you are ready, you can take a test for Certification for each topic to earn 'Certification Badges'.

In addition to the materials provided as part of the course, N*orthSta*r has created a link to external resources: https://www.digitalliteracyassessment.org/external-resources

You may work on the additional topics on your own.

After you LOGIN, Click on the 'Drop Down' arrow by your name and select: **Northstar ONLINE Learning**

You will see the **Dashboard** and Menu Topics.

Revised: January 18, 2024
