

# PowerPoint

## Lesson 6-C

# Transitions and Animations

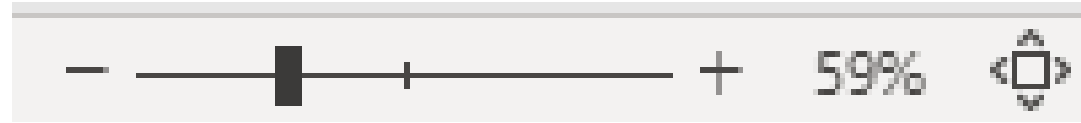

This Lesson uses the **ELEPHANT** Presentation

or FUNCTION F5  
or {Slide Show}

# PowerPoint 6-C : Transitions and Animations - Standards

6. Use Zoom Control:

[View]  
{Zoom}

9. Change the [View]

(Normal, Slide Sorter, Notes, Reading View)

[Slideshow] Beginning, Current, Custom Show, Hide Slide

12. Apply **Transitions**: Between Slides

(select, preview, add sound, automatic advance)

Apply **Animation** to objects on a slide

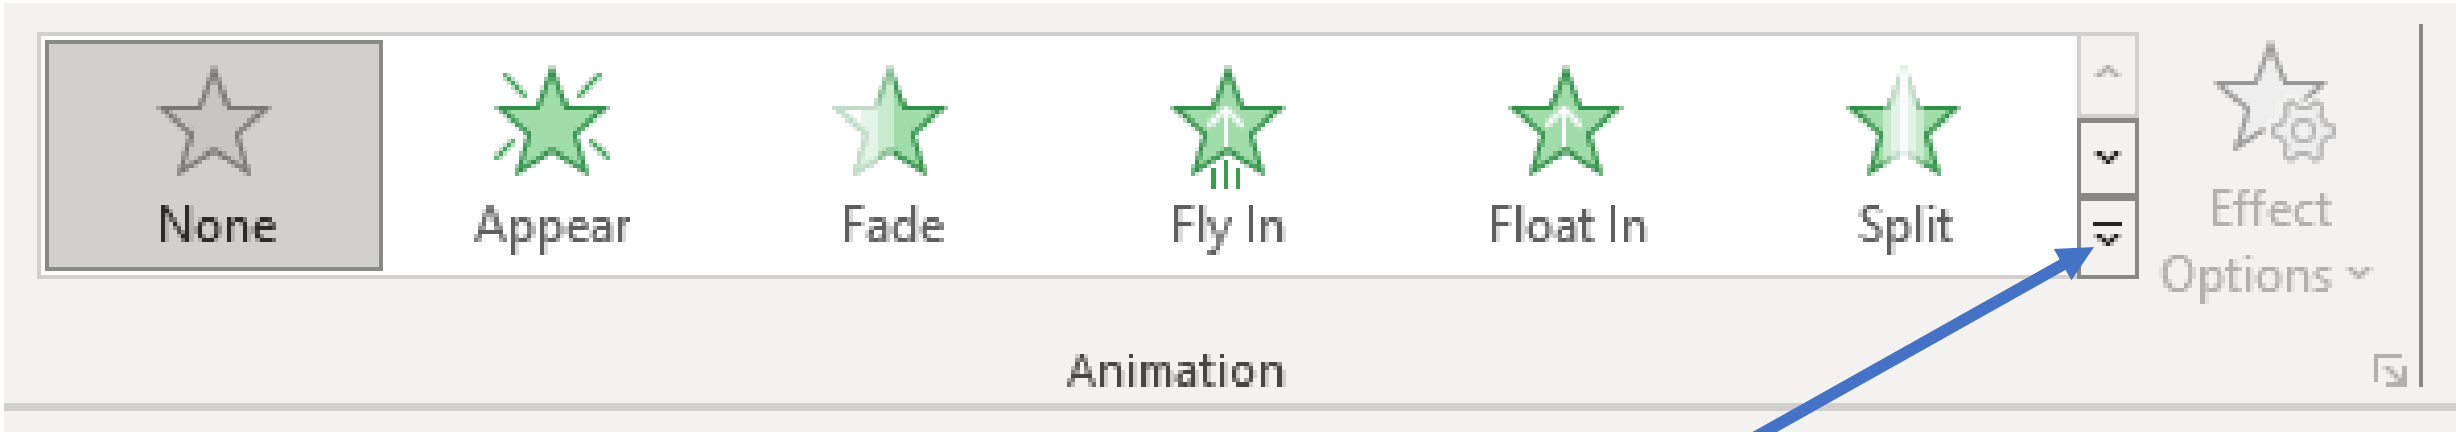

14. Play a slideshow:  or <F5> or [Slide Show]

advance through slides, and end <ESC> slideshow

Use **Presenter Screen Toolbar** features.

Advance, Pen, Sorter, [...]

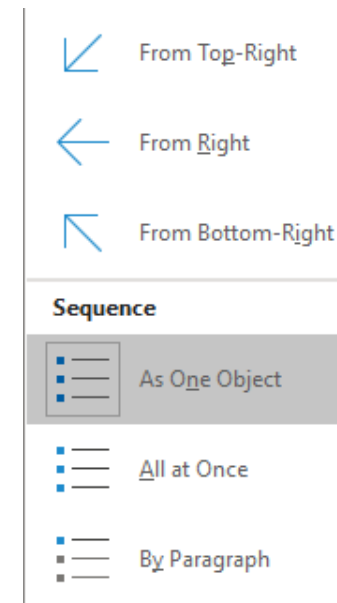

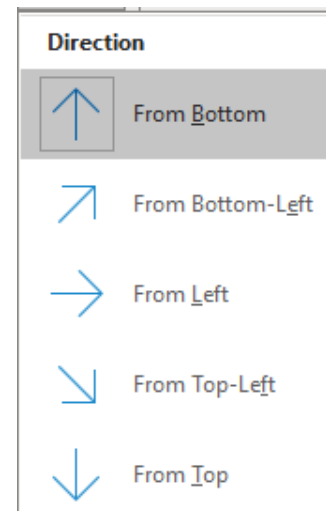

# PowerPoint 6-C: Animation: The Power of PowerPoint Controlling when and how Objects enter and exit a screen!

Select the [**Animation**] tab and select an Animation option. There is also a Drop Down box for more choices

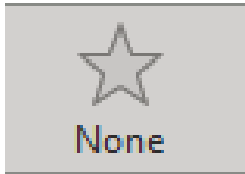

Depending on the **Animation** you select, there *may be* some secondary **Effect Options**

Example: Select **FLY IN** and then select the **Effect Option**

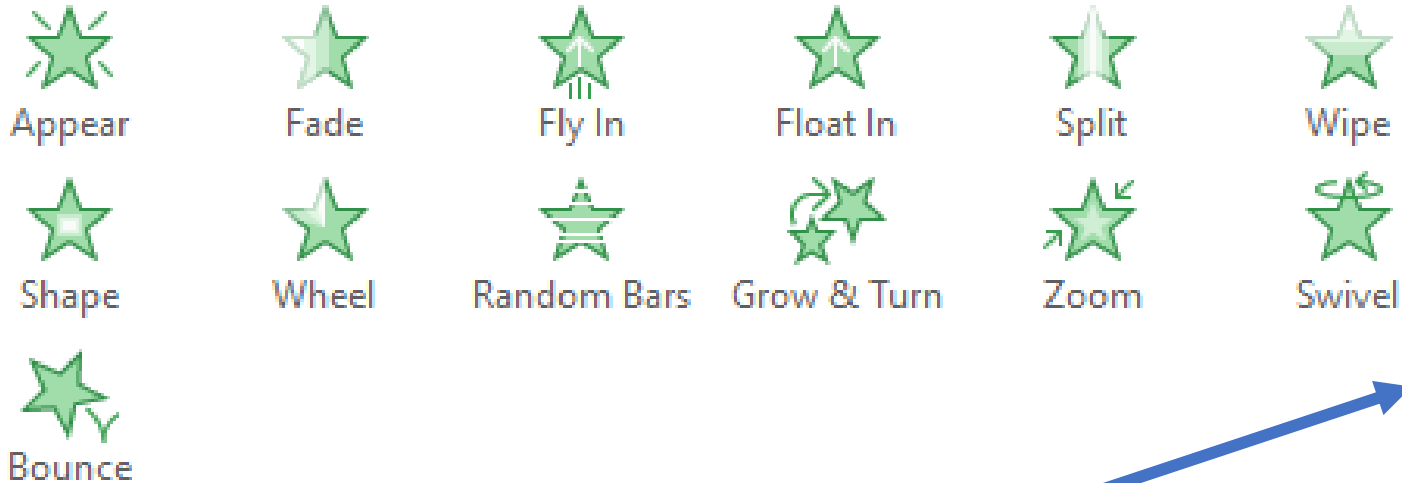

# Animation: ENTRANCE
